Subject: CIE Workshop - How to Best Support Faculty in the Classroom with International Students

Dear Colleagues,

As you know, the Senate is thinking fairly hard about international students and exchange programs and their role within the UCSB educational experience.

To that end, the Academic Senate Committee on International Education (CIE) will host a special workshop focused on the best ways to support faculty in the classroom and beyond when working with international students.

This workshop will be held on **Wednesday, May 4, from 12:00 to 3:00 p.m. at the University Center Harbor Room** (with food / refreshments provided).

The workshop will include brief presentations with plenty of time for discussions between attendees and panelists. Topics will include: (1) techniques for engagement of international students in the classroom, (2) language and writing resources, and (3) tutoring and support services available for international students.

**Facilitator: Paul Atzberger, Chair, Committee on International Education**
